Angiogenesis

REQUEST FOR CERTIFICATE OF CORRECTION

Certificate of Corrections Branch Assistant Commissioner of Patents & Trademarks Washington, DC 20231

Sir:

Pursuant to 37 C.F.R. 1.323 and M.P.E.P. §1481, on December 17, 2001, Applicant requested correction of a mistake of a typographical nature which was not the fault of the Office. The correction requested would not constitute new matter or require reexamination. A copy of the Certificate of Correction, as filed on December 17, 2001, is attached hereto as Exhibit "A."

The Certificate of Correction submitted to the Office on December 17, 2001 consisted of two pages. The Office approved page 2 of the Certificate of Correction and returned the original signed and sealed page 2 of the Certificate of Correction to agent for Applicant (copy attached hereto as Exhibit "B"). However, page 1 of the Certificate of Correction was not included. Applicant is therefore requesting approval of page 1 of the Certificate of Correction which was originally requested on December 17, 2001. Applicant further requests that the approved Certificate of Correction be forwarded to the undersigned agent for Applicant.

s Postal Service of and Trademarks,

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Assistant Commissioner of Patents and Trademarks, Washington, DC 20231, on December 5, 2002.

ATLLIB02 98398.1

Certificate of Correction Request.
U.S. Patent No. 5,712,291

As indicated on page 1 of the attached copy of the Certificate of Correction, the formula which appears in the specification at column 7, lines 34-45, contains typographical errors. As written, the N (nitrogen) in the formula may have more than 3 bonds and the C (carbon) may have more than 4 bonds, for example, when the structures are in the  $R_8$  position or  $Y_{10}$  is =O. As depicted in Figures 1-5, Applicant did not intend for the structure to show N with 4 bonds or C with 5 bonds. It would be immediately apparent to one skilled in the art that there are typographical errors in the formula.

A copy of the check previously submitted to the Office on December 17, 2001 in the amount of \$100.00 is attached herein as Exhibit "C." It is Applicant's belief that no further fees are required to cover the fee for the correction requested herein. However, the Commissioner is hereby authorized to charge any deficit, or credit any overpayment, to Deposit Account No. 11-0855.

If there are any issues that need to be resolved, a telephone call to the undersigned attorney at (404) 745-2461 is respectfully solicited.

Respectfully submitted,

KILPATRICK STOCKTON LLP
